The Annual report of the Sustainability Development Goals in Al-Noor university College.

2022 - 2023

Prepared by the Quality Assurance Unit.

THE GOALS OF SUSTAINABILITY DEVELOPMENTS – ANNUAL REPORT

The 17 Goals of Sustainability Development

THE GOALS OF SUSTAINABILITY DEVELOPMENTS – ANNUAL REPORT

A brief on Al-Noor University College

Al-Noor University College was established in 2013, and began its first academic year with the following departments,

- Law Department
- Physical education and sports sciences
- English Department
- Arabic Departments.

To meet the market needs, Al- Noor University Collage introduced the following departments:

- Department of Dentistry
- Department of Pharmacy
- Department of Medical Laboratory Techniques
- Department of Dental Industry Technologies
- Department of Radiology and Sonar Techniques
- Department of Optical Techniques
- Department of Anesthesia Techniques

Recently, the college added two engineering departments, the Department of Construction Engineering and Project Management, and the Department of Petroleum Engineering.

The college moved from the old location Bartila/Nineveh to Al Shalalat Road/ Nineveh. The new location is closer to the city for students and teaching staff. The new location has many features such as:-

- A large area that provides students with a sober university environment and appropriate conditions.
- Provide a lot of scientific and computer laboratories, in addition to classrooms in all departments to improve the college's educational process.

THE GOALS OF SUSTAINABILITY DEVELOPMENTS – ANNUAL REPORT

- Provide classrooms supported with the latest modern technologies to improve education quality.
- Provide educational dental clinics, which are equipped with modern dental equipment and various tools. it also contains an operating room, radiology, and Sanitizing Room in order to encourage students to practice the educational process.
- Provide free transportation to convey students.
- Launch the first educational radio named "Al Noor Radio" which specializes in educational programs.
- Open Burj Al Noor restaurant inside the college.
- Provide solar power in the college to support Clean alternative energy and reduce emissions in order to implement the announced plan of the higher education and scientific research ministry.
- The college contains 13 medicals, technical, Humanities, and Engineering departments.

Address: -

Iraq/ Nineveh/ Al Shalalt road
