13 CLIMATE ACTION

No country in the world is immune to the serious effects of climate change. Greenhouse gas emissions continue to rise and are now 50 percent higher than their levels in 1990. Moreover, global warming is causing long-term changes to our climate system, threatening irreversible consequences if we do not take necessary mitigation and adaptation actions today.

13 - Climate Action

Under the sponsorship of Dr. Ahmed Al-Hasoud, Chairman of the Nineveh Provincial Council, and with the participation of Al-Noor University, the Great Afforestation Campaign has been launched in Nineveh Province under the slogan "A Tree for Every Citizen." Al-Noor University has dedicated a tree-planting team led by the Assistant President of the University for Scientific Affairs, including several university faculty members, staff, and students who planted seedlings in areas designated for the university.
