16 PEACE, JUSTICE AND STRONG INSTITUTIONS

Encouraging the establishment of peaceful communities where no one is marginalized is essential for achieving sustainable development. This involves ensuring that everyone has access to justice, building effective and accountable institutions that are inclusive at all levels, and significantly reducing illicit flows of money and weapons. Additionally, it includes enhancing the recovery and return of stolen assets and combating all forms of organized crime.

16 - Peace, Justice and Strong Institutions

Al-Noor University's futsal team participated in the Iraqi Universities Championship for Public Universities and Private Colleges in the Northern Region. Al-Noor University team faced off against the University of Tal Afar team, with the match ending in a victory for Al-Noor University's team.
