4- Quality Education

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

4- Quality Education

Al-Noor University held its debate championship with the attendance of Professor Dr. Yassin Taha Al-Hajjar, President of Al-Noor University. The event spanned a week, during which the University President delivered the opening speech, followed by Mr. Saad Saleh, the championship organizer, who gave an introductory speech and announced the best speaker and best team at the end. The Engineering College team was awarded first place, followed by the Pharmacy College team in second place. The best speakers were selected, and the ceremony concluded with the awarding of medals and certificates to students, the organizing team, and the judges.
